

Utility & Telecom Savings

Proven Results . . .

"Our experience was world class. The audit process was unobtrusive; they identified \$400,000 in annual savings on our accounts and worked with us, at our own pace, to implement the savings."

**John Liston, Chief Financial Officer,
McLaren Port Huron**

"They helped us negotiate and lock in \$100,000 savings in electricity annually. These are savings we would not have been able to realize on our own. The utility complex is always changing and their expertise gives us the ability to know we have rock-bottom pricing and that all of our utility costs are being closely watched."

**J.B. Audi, Vice President,
The Oakwood Group**

"They were able to not only find savings in our utilities, but also significant refunds. In all, we have benefited in over \$150,000 in savings and refunds since. I would recommend their service to anyone desiring to manage their utility costs."

**Bill Parlberg, President/COO,
Zehnder's of Frankenmuth**

The Michigan Chamber of Commerce offers a program to help you manage and significantly reduce your utility and telecommunication costs with real savings, refunds and credits.

We perform a thorough analysis of your utility billing, to investigate potential billing errors, recover overpayments, and discover, negotiate, and activate future savings opportunities for you.

Benefits

- This in-depth analysis can lead to significant financial recovery coming from monthly billing history reviews and savings opportunities going forward.
- No upfront fees...income is based on refunds, credits and/or savings you receive.
- No obligation...none of our findings are mandated, so you tell us what to activate.
- 90% of customers save money, so the risk is low and the reward could be significant.
- Ideal for organizations with an annual utility spend of \$125,000 or more.

What's Next?

1. Gather one month of all utility bills - gas, electric, water, sewer, waste removal, voice/data, cellular, internet.
2. Contact Lindsay Fulton at the Michigan Chamber of Commerce at 517-371-7691 or lfulton@michamber.com or complete the online form (www.michamber.com/request-consultation).
